

Flamboyant Tree

BeeverNews October 2018

Greetings from Bulawayo.

Jacaranda time is over but the flamboyants are in full bloom and so beautiful! (See above right)

We are so thankful to the Lord for putting us here. Life is uncertain and many things here are uncertain. The fuel queues have gone, at least for the time being. Prescription drugs can only be obtained with USD and the black market rate is 3.4:1 for the famed bond note! So life is interesting. The government is issuing warnings about demonstrations and the cash shortage is as acute as ever. We are faced with shortfalls on medical aid due to hospitals raising their fees. We have never had this before. None of this is able to prevent God from working and He is doing great things. Yesterday we had our first real thunderstorm but it was short-lived and we need the rains.

Divine and Carl-Jon have both had flu and been off school for a week and Sithandwa has had vertigo. She is on medication and much better now. Praise the Lord!

Give A Kid A Chance

We are so grateful to all who have given for the children on this program. They now have an opportunity to finish their schooling and seek a job. I have spoken to school principals where the children are being helped and they have expressed their heartfelt gratitude. Some of them have even been helping children out of their own pockets. Go to our website for more information and how you can get involved. This is Mile Ndlovu, just one of the children we are helping. He is in his third year at Secondary School and doing well.

Ambassadors Christian Fellowships

Seven new churches have been planted in Zimbabwe this year and one in South Africa. We had very successful ministry in Malawi in September. As the rainy season

Making a Difference in Zimbabwe

approaches, crusades in the rural areas come to a halt. Farmers are in their fields preparing to plough. Please pray for good rains and a plentiful harvest. We are seeing growth in many of the churches. The Bulawayo church is getting a tent very soon. Funds have been sourced and we expect delivery in December. The South African churches are flourishing.

Board Meeting

The meeting in Musina, South Africa was excellent. We are looking forward to 2019 with great anticipation as we move forward. We will be meeting with the National Council of the Ambassadors Christian Fellowships here and making recommendations to clarify our relationship with the ACF and making recommendations for the formation of an International Council. Plans are afoot for our next year of ministry in Malawi, Zimbabwe and South Africa and even further afield.

Personal Ministry

Over the past two years we have become very involved in the ministry of our local church, New Creation in a home group, leading services from time to time, some preaching and David being part of the men's ministry. The latest development was to lead an outreach to Esiphezini, a nearby village over a weekend. Jacob Gumbo, a Hope Unlimited board member is one of the pastors there. He has been instrumental in setting up a ministers' fraternal. We had a very successful weekend there, equipping leaders and having a combined service for all churches there. There is a real heart for the Kingdom of God there and the door is wide open for more ministry. Thank you Lord! I have also been counselling and preparing for more teaching.

A big thank you to everyone who has prayed, given to the ministry and read our newsletters.

Praise the Lord for

- Continued good health
- My eyes are improving with the treatment I am receiving
- God's provision for all our needs
- Open doors of opportunity for new ministry

Prayer Points

- Choice of school for Carl-Jon next year
- Provision for the travelling we need to do in the ministry and especially for our mission to Malawi.
- Continued good health for all of us.
- Finance for the work that needs to be done on Sithandwa's car.
- Revival in Zimbabwe.
- A good rainy season and a plentiful harvest

To all our American friends, we wish you a very blessed Thanksgiving.

Love and blessings to each one of you.

**David and Sithandwa,
Chetney, Divine and Carl- Jon**

Making a Difference in Zimbabwe

A large, spreading tree with vibrant red flowers dominates the background. The tree is set in a well-maintained area with a green lawn, a concrete path, and a white wall in the distance. A blue car is parked on the path to the right, and a person is walking away from the camera. The sky is overcast with grey clouds.

If you would like to invest in this ministry
Please mail checks to
